

ONLINE BOOK STORE

using PHP and MYSQL

Online Book Store is a web portal to buy and sale of old and used books. OBS system provides an easy way to sell, buy old books. If you have any books that you would like to sell, you can list them in the Sell section. Alternatively, if you wish to buy, you can search the Buy Books section. Online Book Store not handling any payment processing as most of the student dose not have credit card, we simply tie up with courier service for collecting books, delivery books and collecting money from the buyer.

A large, semi-transparent watermark logo for Infosystems LPIT Software Solutions. The word "Infosystems" is in a large, pinkish-red font, and "LPIT Software Solutions" is in a smaller, blue font below it. To the right of the text is a large, stylized arrow pointing right, composed of pink and light blue triangular shapes.
